New Westminster, BC | ssd30@sfu.ca | 236-866-1732 | [linkedin.com/in/samueldarmawangsa](https://www.linkedin.com/in/samueldarmawangsa)  
[samueldarmaw.github.io](https://samueldarmaw.github.io)

## Technical Skills

---

**Languages:** Java, Python, JavaScript, HTML, CSS, Processing, LaTeX

**Design & Editing Software:** Figma, Photoshop, Illustrator, After Effects, Premiere Pro, InDesign, Canva, OnShape

**Frameworks:** React, React Native, Unity

## Technical Work Experience

---

**Freelance Designer**, A Muse Me Jun 2025

- Customized and refined brand logo color schemes to align with the client's identity in Adobe Illustrator, which was selected for the investor deck.
- Designed high-quality visual mockups and presentation assets in Adobe Photoshop for client pitch decks and product showcases which helped their advertising strategy.

**Unity Developer Intern**, Nusameta – Jakarta, Indonesia Aug – Sep 2023

- Developed and integrated in-game user interface (UI), character animations, and customizable clothing options, enhancing visual consistency and player experience.
- Performed character meshing and rigging to ensure seamless model integration and animation compatibility within the Unity engine which optimized the performance of the game.

## Projects

---

**Café Master - Java Based Barista Game** | *Java, Photoshop* Aug 2025

- Designed and implemented an intuitive 2D café game interface in Java, featuring animated ingredient panels, interactive customer ordering, and smooth transitions, ensuring the game gives the right amount of feedback.
- Used Adobe Photoshop to design custom customer characters by creatively splicing real animal heads with stylized human bodies to achieve a unique visual art style for the game.
- Developed responsive visual feedback systems such as ingredient fly-in animations, quantity badges, and fractal effects to enhance user interaction and clarity.
- Ensured consistent visual design by implementing image-scaling utilities, maintaining aspect ratios for all icons and sprites, and creating a modular UI architecture, making it easier for future updates.

**SIAT's 99 Problem - Student Forum Website** | *HTML, CSS, JavaScript, Figma* Apr 2025

- Collaborated in a team to develop a fully functional website using HTML, CSS, and JavaScript, following best practices in front-end structure and responsiveness to ensure that it is accessible to all users.
- Designed and coded the user profile page layout and UI elements in Figma, ensuring a clean, intuitive, and consistent user experience, so that the user can easily navigate the website.
- Coordinated with teammates to integrate the pages seamlessly into the overall site flow, making the whole process effective.

**I Shot Marvin - Kinetic Typography** | *After Effects, Photoshop* July 2024

- Created custom visual assets in Adobe Photoshop to support a kinetic typography sequence based on a selected movie clip.
- Animated typography and graphic elements in Adobe After Effects, synchronizing motion with dialogue and soundtrack for impactful visual storytelling.
- Applied motion design principles, including timing, pacing, and transitions to enhance viewer engagement.

## Additional Experiences

---

**Director of Food And Beverage**, Simon Fraser University Indonesian Association Aug 2025 - Present

- Oversaw food and beverage planning for student association events, including menu selection, budgeting, and logistics to ensure effective and profitable operations.
- Managed procurement and inventory to ensure smooth service during high-attendance events, balancing cost control with quality standards, which resulted in the food available being sold out frequently selling out.
- Led a team of volunteers during event operations, assigning roles, troubleshooting issues to maintain consistent service flow.
- Collaborated with executive members to align F&B strategy with event themes, attendee experience goals, and overall organizational objectives, which resulted in a 10 percent increase in our club's budget for each event.

**SIAT FROSH Event Floater**, Simon Fraser University – Surrey, BC Sep 2025

- Collaborated with other peers to help students adjust to the college environment.
- Managed group dynamics and adapted communication styles to engage diverse student backgrounds.
- Demonstrated leadership, accountability, and approachability under high-volume, time-sensitive conditions

**Student Orientation Leader**, Fraser International College – Burnaby, BC Jan 2024

- Collaborated with other peers to help students adjust to the college environment.
- Managed group dynamics and adapted communication styles to engage diverse student backgrounds.
- Demonstrated leadership, accountability, and approachability under high-volume, time-sensitive conditions

## Education

---

**Simon Fraser University** | Burnaby, BC Jan 2025 – Dec 2027

*BSc in Interactive Arts and Technology, Minor in Geographic Information Science*

**Concentration:** Designing Interactions, Evidence-Based Interactive Systems, Design and Development for Web and Mobile

**Fraser International College** | Burnaby, BC Sep 2023 – Dec 2024

*University Transfer Program Stage II in Interactive Arts and Technology*
